This is the first time Im seeing a company use the same model number in more than one product. Im very sorry. I was using it with another register and reporting via IRC worked fine, but now that it is standalone, it will not print the reports. In the SM mode, I have set the IRC option to be from reg. 1 to reg. 1, but still no luck. Any ideas Thanks. Answer questions, earn points and help others. A new folder will be created in the same folder.The new folder will have the same name as the compressed file. 4. Doubleclick the decompressed Setup.exe file to start installation. When printing a data by the calendar configuration from iPhoto, the data is printed in A4 portrait mode. Cause Since the paper size is a custom size that some devices do not support, the data is adjusted to fit into A4 size. Even when the paper size in the PDF application side is a custom size which the devices do not support, the following workaround enables the devices to print the data. Even when the paper size is changed in the printer dialog of Aperture, only A4size selection information is returned, which makes the paper size control equivalent to A4size in the exclusive control. Click the PDF button at the lower left, and then select Open PDF in Preview. The preview appears. Then, open the print setting dialog of the preview application. Select Paper handling Check the box of Scale to fit paper size Select any one of paper size from Destination Paper Size Click the Print button. This driver was released on 14102011. Connect the USB cable after installing the driver. Driver and application software files have been compressed. Compatibility Operating systems Windows 8.1, Windows 8.1 x64, Windows 8, Windows 8 x64, Windows 7, Windows 7 x64, Windows Vista, Windows Vista x64, Windows XP, Windows XP x64 Languages English Setup Driver and application software files have been compressed. This application is designed for scanning and printing documents.http://www.branchennachweis.eu/userfiles/dpf10k-manual.xml

It also allows the user to configure the printer and scanner settings.
